

GOING THROUGH LIFE

Without pissing anyone off

Written by
Robert Netherland

Well, almost everyone...

Let's start off right away by getting a few things straight. Obviously it's impossible to go through life without pissing anyone off. So what's with the title? Ok, a better title might have been 'Going through life pissing off as few people as possible'. But that's not quite as catchy and it doesn't sound as profound or life-changing and not pissing off anyone, right?

The next thing I want to address is that I realize, statistically speaking, that there is probably going to be somewhere between 1.8 and 2.6 people that will be pissed off by the current title of this book and why I entitled the way I did. To those of you who feel this way and yet have somehow managed to read this far, I apologize and hope you will forgive me and no longer be pissed off.

Which brings me to my next point, just because you've successfully pissed someone off doesn't mean you can't un-piss them off through various means of subtle diversions, subterfuge or one of the many other pieces of intellectual paraphernalia you'll carry around in your apology toolbox by the time you get done with this book.

Finally, this book is not intended to be viewed by those who tend to contend that they wouldn't pretend to use the wisdom of this book for opposite purposes that I am intending to send. Translation; This book is intended to teach you how not to piss people off, but the reality is that much of what is written here could be turned to its evil opposite and be used to really, really piss people off!
